

2020 Firefighter Safety Stand Down Bulletin

Developed and Supported by: The Valley Safety Officers (AZ)

June 14-20, 2020

Please use one full workday to dedicate and discuss topics related to Safety, Health, and FF Survival. We have provided below, resources that you can use for crew/ battalion level discussions and tabletop training.

It's that time of year again to place a spotlight on FF Safety, Health, and Survival. Although Safety, Health, and Survival should be a main focus for all of us every day, this week gives us an opportunity to review some important materials and discuss, as a crew and/or battalion, how we will continue to strive to improve in these areas.
