

Survivor Story: Kyle O'Neill
San Diego Fire-Rescue Department, Cancer & Health Coordinator
Diagnosed with Testicular Cancer in 2016

"Navigating through a cancer diagnosis and treatment is stressful enough, the toolkit really helped me and my family."

The FCSN Tool Kit was so helpful during my cancer treatment. I was able to stay organized with my never-ending pile of paperwork. I kept the tool kit inside my truck. Before every doctor's appointment I opened it to grab a new form and filed the forms back inside the kit when completed. Over the course of my treatment I needed to fulfill a lot of documentation requests. I always knew where all my important paperwork was at all times. Navigating through cancer diagnosis and treatment is stressful enough, the toolkit really helped me and my family. Such a great idea. Thank you again.

Our Vision: To be the global leader in firefighter cancer support, awareness, and education.

Our Mission: To assist firefighters and EMS providers and their immediate families diagnosed with cancer by providing badge to badge support, training and guidance.
